Synchro Skaters Show Team Spirit!

Schedule

Plan to attend a competition in mid-Winter as well as our annual competition in Knoxville each Spring. If a skater is unable to participate in a competition, he/she will train as an alternate and may skate at the Knoxville competition at the coach's discretion. Alternates are expected to attend all practices. Minimum of 24 weeks attendance is required out of the total 30 weeks of practices: Aug.-Nov., Jan.-April.

Skating in unison to music, skaters strengthen their skating skills while enjoying & learning a team sport.

- ◆ **Formation:** Forward skating, backward skating on two feet, and two-foot turns while executing various formations such as pinwheels, circles, lines, etc.
- ◆ **Skating:** Forward and backward steps, backward splicing, backward spoke wheels, and lines/circles with intricate footwork. Unison, cleanliness & speed!
- ◆ **Dance:** Dance steps and skating moves.
- ◆ **Open:** More flexibility with choreography.

The number of teams and team assignments will depend on enrollment. Ultimately, the team assignments will be determined by the skating school management and the team coaches. There is a place on a team for every skater. Factors include speed and power, maturity, and uniformity. Skill level is relevant, but it is not a deciding factor.
