## Make-Up Policy & Transfers

We value the relationship that our students develop with our teachers through regular, consistent instruction. We assign teachers at the start of each term based on the initial enrollment to ensure the best possible student-teacher ratio. For these reasons, students are encouraged to make every effort to attend the specific class and day for which they are registered. Students make the most progress by regular attendance and practice. **Students may make-up one class per term missed due to illness or personal conflict, but not just as a matter of preference.** In order to attend a make-up class, students must notify us at least one day in advance so that we can be sure that we have the correct number of teachers on-hand. For the same reasons mentioned above, transferring to another class is discouraged. If a transfer is necessary, please consult the Skating School Director or the Head Session Manager.

## Registration After the Start of the Term

For Alpha classes and up, students may be added to classes during the first half of each term, and class costs will be pro-rated based on the remaining number of classes, but only if more than one week has been missed. If only one week has been missed, the student may make up that week. For Beginner/Pre-Alpha classes, students may be added to classes during the first two weeks of the term -- after that, they are asked to wait until the next Introductory classes are offered (usually every four weeks). If only one week has been missed, the student may arrange to make up that week. As long as students are registered for classes in an upcoming term, they are welcome to arrange for private lessons in the interim.

## Want Private Lessons?

Please refer to our Private Lessons brochure or our web site, [www.chaleticerinks.com](http://www.chaleticerinks.com), for details. We also offer special practice times called "Freestyle Practice" sessions. Please see *A Skater's Guide to the Ice Chalet*.
