## Please talk to instructors at least two months ahead of time for competitions or tests!

- ◆ Beginner and intermediate-level skaters who want to compete will also need programs choreographed to music.
- ◆ Freestyle-level skaters must prepare and present a program to music, incorporating all the maneuvers of a particular level in order to pass that level.

Some skaters choose their own music and experiment with choreography, but we strongly recommend asking for help from an instructor (see note on “Music Editing Prices”). There are rules that must be carefully observed, such as duration and moves allowed. Also, the music must be appropriate for the skater’s age and skill level, and pacing is important.

---

### Regular Private Lessons

Most lessons are scheduled either weekly or bi-weekly, as many teachers have nearly full schedules during the busier times of the year and it may be difficult to schedule occasional lessons. Programs are usually refined and perfected in private lessons at least once a week over several weeks, and repetition will help the skater do his/her best on “the big day.” Younger students often require more repetitive practice.

### Occasional Private Lessons

Sometimes the skater just need a little “boost” in confidence or work on a specific skill with individual attention, and this would be a “booster” lesson not taught on a regular schedule. Please make it clear to the instructor if you decide to change to a weekly schedule or wish to stick with the “booster” approach.

---

### Multiple Coaches & Changing Coaches

It’s fine to engage the services of more than one instructor at a time, but please be sure that the coaches are aware of this and communicating with each other. It is helpful to designate which instructor is to concentrate on what programs, skills, dance, etc. If you decide to change instructors, please discuss this with the current instructor first as a courtesy and to avoid misunderstandings. Each of our instructors has something special to offer each skater, and this should be respected even though it may be time to move on to someone else.

## Schedule Private Lessons with the Teacher of Your Choice (see reverse)

Private lessons are 20 minutes long and may be conducted during “freestyle” practice sessions or *uncrowded* public sessions. Admission to these sessions must be paid for separately from the private lesson compensation to the teacher. (Note: For lessons held during public sessions, use of the music box is allowed only with permission of the management.)

You will enter into an agreement with the instructor, so please exchange contact information and clarify arrangements and expectations directly with the instructor. Be sure to specify whether you want regular, weekly lessons or just occasional “booster” lessons.

### Private Lesson Prices

Generally \$ 14.00 to \$ 20.00, depending upon the teacher. Please pay the teacher directly. Each teacher has their own system of tracking and billing, so discuss this with the teacher when you schedule lessons for the first time.

---

### Ice Time Must Be Paid For Separately

Whether lessons are scheduled during “freestyle” practice times or uncrowded public sessions, skaters must pay for the ice time separately from the private lesson itself and check-in at the counter. If you purchase the “All You Can Skate” package, all practices and public sessions are included!

### Freestyle Practice Prices

*(Open to Tots through Delta on certain days -- see “Skater’s Guide & Practice Ice” brochure for details.)*

\$ 9.00	If purchased in a package, each session usually two (2) hours in length
\$ 11.00	Drop-In

---

### Music Editing Prices

\$ 25.00 for one CD with 1-2 simple cuts. Pay the teacher directly. If extensive editing is required, the cost may be higher. Students should have at least one back-up CD.

### Cancellations

It is the skater’s responsibility to notify the instructor of cancellations at least 24 hours ahead of time so that the instructor can schedule another student for the allotted time.

### Who Can Take Private Lessons?

Students enrolled in our group lesson program may take private lessons. Any adult (18 years or older) may take private lessons without being enrolled in classes. Skaters visiting from out of town may take private lessons for a maximum of two weeks.
